EDUCATION

Bachelor of Technology in Computer Science and Engineering

ITS Engineering College , Greater Noida

2022-26

CGPA : 7.7

TECHNICAL SKILLS

Programming Languages: C, Java, and JavaScript

Web Technologies: HTML, CSS, Bootstrap, ExpressJS, ReactJS, NodeJS , Tailwind CSS and Redux/Redux Toolkit

Databases: MongoDB, MySQL, Mongoose and SQL

Tools: VS Code, Git, Github ,Render, Vercel and Cloudinary

PROJECTS

Wanderlust – Travel Booking Web Application [↗](#) |

- Built a full-stack travel booking platform with destination search, filtering, and booking workflows.
- Integrated MongoDB Atlas, Cloudinary, and Passport.js for secure storage, optimized media, and authentication.
- Deployed on Render with performance optimizations, ensuring fast load times.
- Technologies Used: HTML, CSS, Bootstrap, JavaScript, MongoDB, EJS, Express, Passport, Cloudinary and Connect-flash.

Todo app [↗](#) |

- Developed a single-page application (SPA) using Vite and React, showcasing proficiency in modern front-end build tools and component-based architecture.
- Implemented global state management using Redux Toolkit (RTK), including defining slices, reducers, and actions for tasks.
- Leveraged Vercel's platform to ensure high performance and global CDN caching for a fast and reliable user experience.
- Technologies Used: HTML,CSS,JavaScript,ReactJS and Redux Toolkit.

Personal Portfolio Website [↗](#) |

- Designed and developed a responsive portfolio to showcase projects and skills.
- Implemented modern UI with TypeScript and JavaScript for interactivity.
- Deployed on Vercel with responsive design and optimized loading strategies for cross-device compatibility.
- Technologies Used: HTML,CSS and JavaScript.

INTERNSHIP

Elevate Labs [↗](#)

August 2025 – September 2025

Web Development Intern

- Developed and maintained responsive web applications using the MERN Stack (MongoDB, Express.js, React, Node.js).
- Applied version control (Git/GitHub) to manage and track project updates efficiently.
- Assisted in API integration, frontend debugging, and backend optimization for real-world client projects.
- Recognized as a Best Performer for exceptional problem-solving, teamwork, and dedication.

ACHIEVEMENTS

- **Captain, Kho-Kho Team** – Led team to 3 consecutive gold medals at Udgosh Fest (2023–2025).
- **Athletics** – Won 3 consecutive gold medals in the 800m race at Udgosh Fest (2023–2025).
- **Event Organizer** – Coordinated cultural and sports events with more than 1500 participants, managing logistics, sponsorships, and execution.

CERTIFICATIONS

- Data Structures & Algorithms (DSA) in Java - Apnacollege
- MERN Stack Development - Apnacollege
- Database Management Systems (DBMS) - Infosys Springboard
